Newham Violence Reduction Collaborative
Paul McLaughlin (Lead Borough Nurse), Staff from Emerald Ward, Topaz Ward, Opal Ward, Sapphire Ward, Ruby Triage Ward, Crystal Ward and Jade Ward

Aim
Since June 2016 Newham’s Inpatient wards have been part of planned experiment to test and evaluate the Safety Culture Bundle which was originally developed in Tower Hamlets. Each ward is testing out different combinations of the below change ideas.

<table>
<thead>
<tr>
<th>Driver</th>
<th>Change Ideas</th>
</tr>
</thead>
<tbody>
<tr>
<td>Increasing prediction and responsiveness</td>
<td>• Safety Huddle</td>
</tr>
<tr>
<td></td>
<td>• Brosset Violence Checklist</td>
</tr>
<tr>
<td>Openness, transparency and sharing safety as a priority for our ward community</td>
<td>• Safety Cross</td>
</tr>
<tr>
<td></td>
<td>• Community Meetings</td>
</tr>
</tbody>
</table>

Red Incidents recorded by week on the Safety Cross, (Emerald, Topaz, Sapphire and Opal ward) - C Chart

Topaz: % BVCs done in first week of admission (Aiming for 3 per day for first 7 days*)

Number of Safety Huddles completed by week (Emerald) - Run Chart

6 weekly unit-wide learning sets:
- Sharing ward level PDSAs
- Taking forwards unit wide PDSAs
- Develop sense of urgency
- Experience/demonstration of leadership
- Building trust, sense of support and fun!
- Gentle accountability
- Inspiring the later adopters

Topaz data not taken from cross
