

Total Trained: Total number of current and ex staff trained (**Not Unique**). **2939** head count of all trainings provided.

People Trained: **Unique** number of **current** staff trained. **1322** unique staff members.

Number of current staff trained split into QI training programmes. This is a **Unique** count of staff per programme.

For e.g. a staff member could have attended a Masterclass **3 times** but they will only count as **1** under Masterclass.

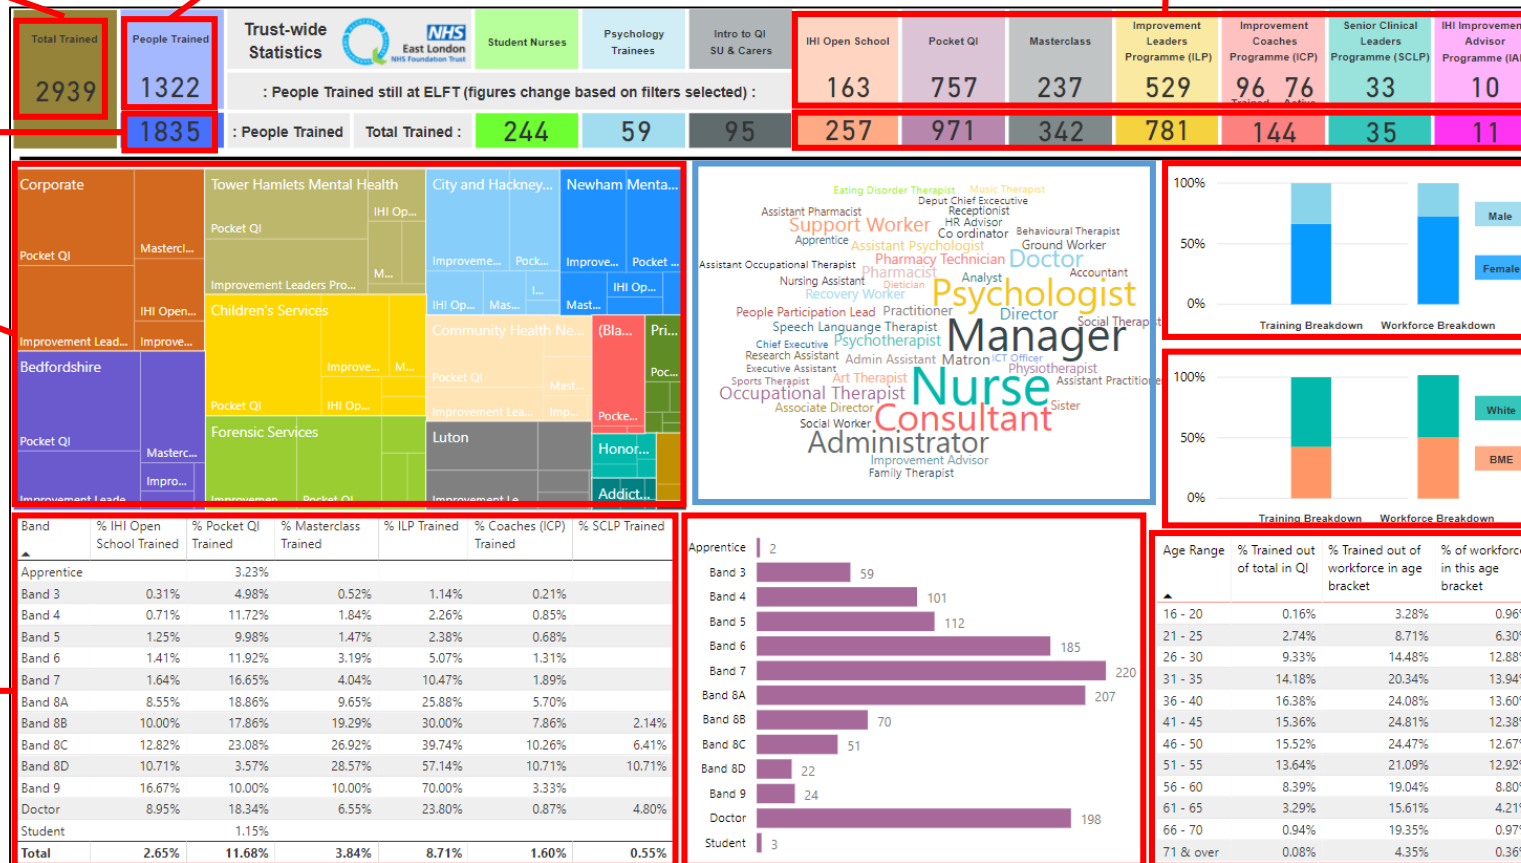

Number of current and ex staff trained split into QI training programmes. This **is not a unique** count of staff per programme.

For e.g. if a staff member attended a Masterclass **3 times** they will be counted **3 times** under Masterclass.

People Trained: **Unique** number of **current and ex staff** trained. **1835** unique current and ex staff members.

Staff trained split by **directorate** and **QI training programmes**.

Percentage of current staff trained broken down by **Banding** and **QI training programmes**.

Number of current staff trained by **Banding**.

****Remember when clicking a visual it will change all other results (visualisations) based on the visual you selected. For e.g. if you select the 112 band 5's the other visuals on the dashboard will reflect the 112 band 5's you selected. The word cloud will filter results on just band 5 job titles. Everything will filter based on those 112 band 5's. Additionally, if you selected Corporate from the directorate visual, everything will filter based on those at corporate that have been trained.**
